General Information about Madison and Wisconsin ...................................................................................................... 9

Last updated June 24, 2015
Welcome to the department of Forest & Wildlife Ecology at the University of Wisconsin—Madison. This information guide is designed to help provide vital information to assist with the transition to UW-Madison and being a graduate student, including: enrollment information, benefits, campus resources, housing, etc. For information on programmatic guidelines for current students please visit the FORESTRY HANDBOOK webpage (http://www.fwe.wisc.edu/graduate-study-forestry-handbook) or the WILDLIFE ECOLOGY HANDBOOK webpage (http://www.fwe.wisc.edu/graduate-study-wildlife-ecology-handbook).

Students who have any questions should contact the Forest & Wildlife Ecology Student Services Coordinator, Sara Rodock (rodock@wisc.edu or 608-262-9926) for further information or clarification. Students new to Madison need to notify Sara of their arrival date.

Housing in Madison

Listed below is a collection of resources for finding housing in Madison. This is not an exhaustive list; rather it is a good place to begin looking for possible housing. It is highly recommended that new students check out any place before signing a lease. Don’t hesitate to ask people in Madison for referrals of places to look and for assistance in looking at a place. There are the places where students do (and don’t) want to live. Campus parking is very difficult for students to get, so most students choose to live within walking or biking distance from campus, or near a bus line. More information on busses is provided later in this document.

- **VIP OFF-CAMPUS HOUSING LISTING SERVICE** - This service is provided by the Visitor and Information Programs and includes listings for apartments, houses, efficiencies, rooms and co-ops for students and the university community, along with other housing-related information: http://housing.civc.wisc.edu/
  - The VIP Off-campus Housing website has a great FAQ about housing in Madison available at http://housing.civc.wisc.edu/faqs.asp.
  - To see a breakdown of the neighborhoods of Madison, check out the map from the VIP Off-campus Housing website at http://housing.civc.wisc.edu/map_all.asp. Many graduate students like to live in the Vilas neighborhood (region 4) and the Willy Street/Jenifer Street neighborhoods (region 6). Many graduate students and young professionals live in the apartments just west of Hilldale Mall (region 10). These regions are readily accessible to campus by both bus and bike and the general population is not undergrads. Other regions close by to those neighborhoods will also have good bus and bike access to campus.

- **UNIVERSITY APARTMENTS** - On-campus housing for graduate students through the Division of University Housing: http://www.housing.wisc.edu/

- **MADISON COMMUNITY CO-OPS** - MCC is a cooperative community of 11 households, most within 1/2 mile of the University of Wisconsin campus, ranging in size from 8 to 34 members. Each house has a unique character and they try to create a safe, supportive family & community atmosphere: http://www.madisoncommunity.coop/

- **LOCAL NEWSPAPER CLASSIFIED ADS**
  - Isthmus - http://www.thedailypage.com/
  - Capital Newspapers - http://host.madison.com/

- **CRAIGSLIST** – direct link to housing in the Madison area: http://madison.craigslist.org/hhh/
• **ESSA LISTSERVER** – Students interested in the Environmental Sciences can subscribe to the Environmental Studies Student Association email listserver. Current and incoming students often post places to live and room requests to the list: [http://www.nelson.wisc.edu/graduate/essa.php](http://www.nelson.wisc.edu/graduate/essa.php)

Additionally there is a Tenant Resources Center available in Madison. For more information check out their website at [http://www.tenantresourcecenter.org/](http://www.tenantresourcecenter.org/).

**NOTE ABOUT UTILITIES**: When comparing the prices of different housing options, remember to take into consideration the cost of utilities. For example, if heat is not included in the rent remember that it very well may cost an additional $50+ during the winter months!

### ENROLLMENT – HOW AND WHEN

**INCOMING GRADUATE STUDENTS WILL BE ABLE TO ENROLL ON MONDAY, JULY 6TH.** Invitations to enroll should be sent by the end of June at the latest. Students do not receive their invitation to enroll by June 27th should please contact Sara Rodock (rodock@wisc.edu or 608-262-9926).

At UW-Madison students register online through the **Student Center** in **MyUW**. Both the “Class Search” and “Course Guide” are also available to students through the MyUW. Below is a list of links that will assist in first time enrollment.

- **MyUW** – go to the UW home page ([http://www.wisc.edu](http://www.wisc.edu)) and click on the MyUW link at the top of the page, from there you can access your “Student Center” for enrollment
- Information on forgotten MyUW net ID and passwords (don’t wait until July 6th to login for the first time) - [http://kb.wisc.edu/helpdesk/page.php?id=2843](http://kb.wisc.edu/helpdesk/page.php?id=2843)
- Office of the Registrar general enrollment information - [http://registrar.wisc.edu/enrollment_information.htm](http://registrar.wisc.edu/enrollment_information.htm)
- Registrar’s Office’s demos and tutorials page - [http://registrar.wisc.edu/demos.htm](http://registrar.wisc.edu/demos.htm)

### ENROLLMENT RULES

**Russell Labs Fall and Spring Graduate Student Enrollment Chart**

<table>
<thead>
<tr>
<th>Enrollment Types</th>
<th>MS</th>
<th>PhD Pre-dissertation</th>
<th>PhD Dissertator</th>
</tr>
</thead>
<tbody>
<tr>
<td>Domestic unfunded</td>
<td>2 credits minimum*</td>
<td>2 credits minimum*</td>
<td>3 credits</td>
</tr>
<tr>
<td>International students regardless of funding</td>
<td>8 credits minimum (unless there is an exception from ISS)</td>
<td>8 credits minimum (unless there is an exception from ISS)</td>
<td>3 credits</td>
</tr>
<tr>
<td>RA or fellowship through a Russell Labs department</td>
<td>8 credits minimum</td>
<td>8 credits minimum</td>
<td>3 credits</td>
</tr>
<tr>
<td>33.33% TA or PA through a Russell Labs department</td>
<td>6 credits minimum</td>
<td>6 credits minimum</td>
<td>3 credits</td>
</tr>
<tr>
<td>50% TA or PA through a Russell Labs department</td>
<td>4 credits minimum</td>
<td>4 credits minimum</td>
<td>3 credits</td>
</tr>
</tbody>
</table>
**Funded through another department/program**

<table>
<thead>
<tr>
<th>Funded through another department/program</th>
<th>Check with that department</th>
<th>Check with that department</th>
<th>3 credits</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Other or uncertain</strong></td>
<td>Check with the Student Services Coordinator</td>
<td>Check with the Student Services Coordinator</td>
<td>3 credits</td>
</tr>
</tbody>
</table>

*this does not qualify as “full time enrollment,” full time enrollment for MS and PhD Pre-dissertator when unfunded is 8 credits minimum*

For all MS and PhD Pre-dissertators the maximum enrollment will be 15 credits.

**A VALID ENROLLMENT MINIMUM DOES NOT COUNT THE FOLLOWING TYPES OF COURSES**

- courses numbered below 300
- courses taken pass/fail
- audited courses

If a student must take over 15 credits, including the types of courses above that do not count towards the enrollment minimum, they must submit a credit overload request: [https://grad.wisc.edu/acadpolicy/wp-content/uploads/sites/15/2014/01/Overload.pdf](https://grad.wisc.edu/acadpolicy/wp-content/uploads/sites/15/2014/01/Overload.pdf).

The above information was taken from the Graduate School’s Academic Policies and Procedures website which can be found online at [https://grad.wisc.edu/acadpolicy/](https://grad.wisc.edu/acadpolicy/).

Summer start students should contact Sara (rodock@wisc.edu) for information regarding summer enrollment rules.

**FOREST & WILDLIFE ECOLOGY 990 RESEARCH**

As indicated above, funded graduate students are required to enroll for 8-15 credits, but it is not advisable for graduate students to take that many actual course credits. To compensate, students have the ability to enroll for Forest & Wildlife Ecology 990 Research. The credits for this course are variable and can be used to help fill the gap between actual course enrollment and full time. Students are strongly encouraged to talk to their advisor about the number of 990 credits in any given semester.

All students in Forest & Wildlife Ecology should be pre-authorized each semester to enroll in F&W Ecol 990 with their advisor. Please note that the course will appear closed, but because of the pre-authorization the “closed course” will be overridden.

If a student has tried to enroll in F&W Ecol 990 and cannot, they should contact Laurie Ballentine (lsballen@wisc.edu).

**BASIC FORESTRY DEGREE REQUIREMENTS OVERVIEW**

Below is a very basic overview of the MS and PhD requirements for FORESTRY. Please check out the Forestry Handbook webpage ([http://www.fwe.wisc.edu/graduate-study-forestry-handbook](http://www.fwe.wisc.edu/graduate-study-forestry-handbook)) for more complete and detailed information.

**FORESTRY MS COURSE REQUIREMENTS**
The Forestry MS requires students to take a minimum of 30 credits. These credits include:

- 1 credit of a professional development seminar
- 1 credit of a graduate-level seminar
- 28 credits of courses numbered 300 or above (does not include audit, pass/fail) and may include research credits

Students should contact their advisor before they enroll to see what courses should be taken in the first semester.

### FORESTRY PHD COURSE REQUIREMENTS

The Forestry PhD requires students to take a minimum of 51 credits. These credits include:

- 1 credit of a professional development seminar
- 1 credit of a graduate-level seminar
- Remaining credits of courses numbered 300 or above (does not include audit, pass/fail) and may include research credits

Students should contact their advisor before they enroll to see what courses should be taken in the first semester.

PhD students are also required to complete a 9 credit (minimum) minor as a part of the Graduate School requirements. The option A is a named minor that follows the requirements set by the department and the option B is a distributed minor that can include course work from across departments. For more information on minors see the handbook or go to [http://grad.wisc.edu/acadpolicy/#minors](http://grad.wisc.edu/acadpolicy/#minors).

### BASIC WILDLIFE ECOLOGY DEGREE REQUIREMENTS OVERVIEW

Below is a very basic overview of the MS and PhD requirements for **WILDLIFE ECOLOGY**. Please check out the Wildlife Ecology Handbook webpage ([http://www.fwe.wisc.edu/graduate-study-wildlife-ecology-handbook](http://www.fwe.wisc.edu/graduate-study-wildlife-ecology-handbook)) for more complete and detailed information.

### WILDLIFE ECOLOGY PREREQUISITE COURSES

This list of courses represents the minimum requirements for both MS and PhD students. Students are expected to enter the program with a majority of these courses completed, but deficient courses may be taken while in the MS or PhD program. A student’s Graduate Committee may require additional courses as deemed necessary for competence in a particular field of study.

- one course in **INTRODUCTORY BIOLOGY**
- two courses in **ECOLOGY** (one of which must be **POPULATION ECOLOGY**)
- one course in **CONSERVATION BIOLOGY, WILDLIFE MANAGEMENT, NATURAL RESOURCES POLICY, or HUMAN DIMENSIONS OF NATURAL RESOURCES**
- one course in **ORGANISMAL BIOLOGY** (i.e. physiology, terrestrial vertebrates, ornithology)
- one course in **GENETICS or EVOLUTION**
- one course in **PLANT ECOLOGY or PLANT TAXONOMY**
- one course in **COLLEGE-LEVEL GEOMETRY, ALGEBRA, TRIGONOMETRY, or CALCULUS**
Students are encouraged to discuss their possible prerequisite deficiencies with their advisor before enrolling in their first semester courses.

WILDLIFE ECOLOGY MS COURSE REQUIREMENTS

The Wildlife Ecology MS requires students to take a minimum of 30 credits (not including audit, pass/fail or courses 299 or below). These credits include

- 2 graduate-level seminars
- a statistics course
- a technical skills courses

Students should contact their advisor before they enroll to see what courses should be taken in the first semester.

WILDLIFE ECOLOGY PHD COURSE REQUIREMENTS

The Wildlife Ecology PhD requires students to take a minimum of 51 credits. These credits include

- 2 graduate-level seminars
- a statistics course
- a technical skills courses

Students should contact their advisor before they enroll to see what courses should be taken in the first semester.

PhD students are also required to complete a 9 credit (minimum) minor as a part of the Graduate School requirements. The option A is a named minor that follows the requirements set by the department and the option B is a distributed minor that can include course work from across departments. For more information on minors see the handbook or go to http://grad.wisc.edu/acadpolicy/#minors.

ORIENTATION EVENTS

The department Forest & Wildlife Ecology and the Russell Labs Administrative Hub will provide two orientation events that are strongly recommended for all new students. Students who are unable to attend must notify Sara (rodock@wisc.edu) by August 15th. At this time we are still working on the specifics of the events given a number of new staff in the Russell Labs Administrative Hub, however, we anticipate holding these events the week of August 25th. More information will be sent via email as specific dates are selected. Typically in Forest & Wildlife Ecology the orientation events include general programmatic and campus information, and assistantship and benefits information.

GRADUATE SCHOOL WELCOME EVENTS

The UW-Madison Graduate School also hosts a number of welcome events for new graduate students. Please check out their newly admitted students' website for more information: http://grad.wisc.edu/newstudents/.

Additionally, the Graduate School here at UW-Madison has a very active Graduate Student Collaborative and Office of Graduate Student Professional Development which provides many academic and professional development workshops and seminars.

- Graduate Student Life: https://kb.wisc.edu/images/group156/shared/gradlife.pdf
- Campus-wide Opportunities for Involvement: http://grad.wisc.edu/studentlife/involvement/
- Graduate Student Professional Development Opportunities: http://grad.wisc.edu/pd/

DEPARTMENT CONTACTS, BUILDING FACILITIES, AND BUILDING ACCESS

Below is a list of some of the key staff to contact during initial enrollment and the first few weeks in Madison.

- **Questions regarding funding and benefits (health insurance), etc.:** Lance Potter, Department Administrator – lpotter@wisc.edu or 608-263-4520, 237 Russell Labs
- **Questions regarding tuition remission:** Margaret Webster, Financial Specialist - mmwebste@wisc.edu or 608-262-3073 (students who think that there is an issue with their tuition remission should contact Margaret as soon as they notice the issue), 284 Russell Labs
- **Questions regarding graduate programs or general information about the department, campus, or Madison:** Sara Rodock, Student Services Coordinator – rodock@wisc.edu or 608-262-9926, 276 Russell Labs
- **Keys and after-hours pass, packages and mail, photocopying:** Laurie Ballentine, Receptionist – lsballen@wisc.edu, 608-262-3671, 226 Russell Labs
- **Questions about building related computing and IT support:** Russell Labs IT support – help@russell.wisc.edu or http://www.russell.wisc.edu/Computing

For a full list of the Russell Labs staff including contact information, go to http://labs.russell.wisc.edu/hub/hub-staff-alphabetical-list/.

For a list of the faculty in the Forest & Wildlife Ecology department go to http://www.fwe.wisc.edu/people-faculty-summary.

The FWE Graduate Students have six representatives elected by the graduate students. Students who have general questions for a current FWE graduate student should contact one of the representatives (http://www.fwe.wisc.edu/graduate-study-student-representatives).

BUILDING KEYS AND AFTER HOURS ACCESS

Students will need to see Laurie Ballentine in Room 226 Russell Labs for keys. Students are encouraged to talk to their advisor first about which keys are necessary. In addition, Laurie can get student an After Hours Authorization Permit so that students can demonstrate that they have permission to be in the building after hours, if needed.

BUILDING IT RESOURCES

There are some general use computers and printers available to Forest & Wildlife Ecology Graduate Students. They are located in Room A120 and A228 Russell Labs. There is wireless internet access available in the entire building. Students are also encouraged to ask their advisor about available lab resources.

CAMPUS ID, NEW ID, AND BUS PASS
Every student at UW-Madison is required to have a campus ID card (also known as a WisCard). The WisCard office is located on the first floor of Union South and is open from 8:30 AM – 5:00 PM Monday through Friday. Please note that as we get closer to the start of the fall term this office will become busier as undergrads arrive on campus. It is recommended that students get their WisCard as soon as possible.

If you did not activate your UW NetID during admissions to check your status through MyUW, please use the link below to do so. NetID activation must be done before you can enroll. Additionally, the NetID is used by Russell Labs IT for access once you arrive on campus.

Also, UW-Madison students have free year-round access to the Madison Metro system through the Associated Students of Madison (ASM) student government organization. To get the free bus pass go to the Student Activity Center on the 3rd floor at 333 East Campus Mall. Pick-up usually starts the week before classes begin (see their website for exact dates, times and pick-up locations).

**LINKS:**
- WisCard: [http://www.wiscard.wisc.edu/](http://www.wiscard.wisc.edu/)
- Activate UW NetID: [https://mynetid.wisc.edu/activate](https://mynetid.wisc.edu/activate)
- ASM Student Bus Pass Program: [http://www.asm.wisc.edu/buspass.html](http://www.asm.wisc.edu/buspass.html)

**NAVIGATING CAMPUS AND PLACES OF INTEREST**

UW-Madison is a large campus and many of the important offices are located all across campus. Below is a listing of some of the important services that graduate students may need and where the office is located.

- **Bursar’s Office:** 333 East Campus Mall Room 10101 ([http://www.registrar.wisc.edu/](http://www.registrar.wisc.edu/))
- **Graduate School’s main office:** 217 Bascom Hall, 500 Lincoln Dr ([http://www.grad.wisc.edu/](http://www.grad.wisc.edu/))
- **College of Agriculture and Life Sciences Office of Academic Affairs:** 116 Agriculture Hall, 1450 Linden Dr ([http://www.cals.wisc.edu/academics/](http://www.cals.wisc.edu/academics/))

There are also some general places and services of interest that new students may want to know about or where they are located.

- **Campus libraries:** there are over 45 libraries available on campus
  - General library website: [http://www.library.wisc.edu/](http://www.library.wisc.edu/)
  - Steenbock Library which is the CALS library next door to Russell Labs: [http://steenbock.library.wisc.edu/](http://steenbock.library.wisc.edu/)
- **Student Unions and other places to eat**
  - Union South and Memorial Union: [http://www.union.wisc.edu/](http://www.union.wisc.edu/)
  - Microcosm Café (located across the street from Russell Labs): [http://www.union.wisc.edu/microcosm.htm](http://www.union.wisc.edu/microcosm.htm)
  - Babcock Hall Dairy Store (located right across the street from Russell Labs): [http://www.babcockhalldairystore.wisc.edu/](http://www.babcockhalldairystore.wisc.edu/)
- **Division of Information and Technology (DoIT):** [http://www.doit.wisc.edu/](http://www.doit.wisc.edu/)
- **McBurney Disability Resource Center:** [http://www.mcburney.wisc.edu/](http://www.mcburney.wisc.edu/)
- **UW faculty, staff and student directory:** [http://www.wisc.edu/directories/](http://www.wisc.edu/directories/)
- **Online campus map:** [http://map.wisc.edu/](http://map.wisc.edu/)
- **Visitor and Information Programs (VIP):** [http://www.vip.wisc.edu/](http://www.vip.wisc.edu/)
UW-Madison is a VERY large campus. When enrolling for first semester courses students are encouraged to check the buildings on the campus map to make certain that they have plenty of time to get from class to class if they have classes that follow one right after the other. Students who would like to take a walking tour of campus can go to [http://info.wisc.edu/campus-tours/daily-walking-tour/](http://info.wisc.edu/campus-tours/daily-walking-tour/) for more information. Students will receive a hard-copy campus map in their orientation folder.

### PARKING ON CAMPUS

UW-Madison is not a parking friendly campus and it can be very difficult for students to get parking permits. Please plan on walking, biking or bussing into campus every day. This isn’t an issue because Madison is a great biking and bussing community. Students who must have a parking permit should contact Lance Potter (lpotter@wisc.edu) ASAP.

### INTERNATIONAL STUDENT INFORMATION

International students will need to attend one of the mandatory international student orientations ([http://iss.wisc.edu/](http://iss.wisc.edu/)). International students without a social security number (SSN) who have an assistantship will need to apply for an SSN. The International Student Services office has information about the mandatory orientations and SSN on their website.

### GENERAL INFORMATION ABOUT MADISON AND WISCONSIN

#### GENERAL INFORMATION AND THINGS TO DO IN MADISON AND WISCONSIN

- City of Madison - [http://www.cityofmadison.com/](http://www.cityofmadison.com/)
- Dane County - [http://www.countyofdane.com/](http://www.countyofdane.com/)
- State of Wisconsin - [https://www.wisconsin.gov/Pages/home.aspx](https://www.wisconsin.gov/Pages/home.aspx)

### WEATHER IN MADISON, WISCONSIN

Madison has four distinct seasons and it is important to be dressed appropriately! Please check out the weather channel website for information regarding Madison’s temperatures ([http://www.weather.com/weather/local/53706](http://www.weather.com/weather/local/53706)).

### TRAVEL IN/TO/AROUND MADISON AND WISCONSIN

- Biking in Madison - Madison is considered a very biker friendly city. For more information about biking in Madison and for trail maps check out the State Cartographer’s biking website at [http://www.sco.wisc.edu/maps/biking.php](http://www.sco.wisc.edu/maps/biking.php)
- The Popular Destinations link on the Madison Metro website has a great listing of stores (grocery and other), health clinics, libraries, etc. in Madison and their general location - http://www.cityofmadison.com/Metro/planyourtrip/populardestinations.cfm
- Google maps in Madison also has information on bus routes when you chose directions: https://www.google.com/maps/preview
